

REMEMBERED
By Edward Clay

*Will I be remembered ?
Some wonder if their lives
have value beyond
the normal span of it.*

*Some say,
If one is remembered,
loved 25 years beyond their death,
their immortality is assured.*

*I believe
as long as good things
I have helped to create,
that bring others' pleasure
are shared from one to another,
then I am immortal;
Weather my name
is connected or remembered
with them.*

*Being able
to create work,
others are inspired by
that eases pain
or brings joy,
is the gift I strive to share
with all.
Will do so
till I am no more.
Will I be remembered ?*
